## ▶ DPF 5200

### *Premium Decorative Window Film*

DPF 5200 is a premium decorative film that simulates an etched glass finish for interior or exterior applications. Available in three standard finishes, DPF 5200 is an ideal film to transform glass or clear substrates into elegant designs. Further customize graphics either by cutting out decorative designs or by printing on any of the finishes with standard digital print systems. DPF 5200 is the perfect choice for projects where a high-quality film for decorative etched glass designs is required.
