DPF 4200 MATTE/CANVAS

Delivering a decorative interior wall solution that will transform existing smooth walls into vibrant designs. DPF 4200 is an interior wall film available in a Matte or Canvas finish. As a rigid film with a strong tack, the registration of panels is easy and the bond formed in hard-to-reach areas will give you confidence in your wall application. Building a long-term bond over time, the initial repositionability of the film will help reduce and remove bubbles easily. DPF 4200 is compatible with a variety of paint types, including a wide range of zero and low-VOC paints.

Unique Features:

- ▶ Compatible with most paint types, including a wide range of zero and low-VOC paint types
- ▶ Strong ultimate tack level securing a lasting bond in hard to reach areas
- ▶ Registration of panels made easy due to rigidity of film
- ▶ Initial repositionability helps reduce and remove bubbles easily

Applications:

- ▶ Indoor Walls
- ▶ Interior Décor
- ▶ Indoor Advertising
- ▶ Retail Displays
- ▶ Tradeshow Displays
