## DPF 45WF

DPF 45WF window film delivers sleek and superior print quality on the outside, and allows you to see through the reverse side of the graphic. A black-back film with 60/40 perforation size and ink compatibility with Eco-Solvent, Solvent, Latex and UV printers make DPF 45WF the perfect solution for window graphics. The print ready facestock is designed for use with Eco-Solvent, Solvent, UV, and Latex print systems.

### Unique Features:

- ▶ Unique Black-Back Construction Provides Clean Removability
- ▶ Larger Hole Size Provides Increased Outward Visibility
- ▶ 60-40 Pattern

### Applications:

- ▶ Window
- ▶ Glass

### Category:

- ▶ Window Graphics
