

ARLON

DPF 510G/M/GT/MT-HT

High Tack for Everyday Applications

DPF 510 delivers an exceptional, vibrant print quality at an unbeatable value for your short-term applications. The high tack permanent adhesive provides a reliable and durable application for your multi-purpose signage. The two sided, lay-flat polycoated liner ensures that the vinyl will not curl under heavy heat from printers. DPF 510 has consistent ink receptivity across most print systems. Combine DPF 510 with Series 3510 overlamine for an easier installation and abrasion resistance.

Unique Features:

- ▶ High Tack Adhesive for Multi-Purpose Signage Applications
- ▶ Exceptional, Vibrant Print
- ▶ Two Sided, Lay-Flat Polycoated Liner

Applications:

- ▶ Standard Signage (Permanent)
- ▶ Display Graphics
