DPF 6100XLP

DPF 6100XLP is a gloss white cast film with bubble releasing, tinted, clean removing, repositionable, permanent pressure-sensitive adhesive. The LX (Low Profile) X-Scape Technology® allows installers to have a speedy installation and ensure a smooth paint-like finish. Designed for large format graphics, DPF 6100XLP is made of premium quality cast facestock with a low profile liner. The adhesive system is designed to provide excellent opacity as well as easy installation. The film provides superior conformability around rivets, curves, contours and channels.
