SLX™ CAST WRAP + FLITE™ TECHNOLOGY

SLX™ Cast Wrap is a premium gloss white repositionable cast film with FLITE Technology™. Designed for the single installer, this film allows for a fast wrap and superior repositionability for full and partial, vehicle and fleet applications. FLITE Technology™ is a lite contact system allowing graphics to float over a substrate until firm pressure is applied. It guarantees the fastest installation while ensuring long-term bond, conforming effortlessly around rivets, complex curves and deep channels. SLX Cast Wrap offers a vibrant and reliable print quality which is present across Eco-Solvent, Solvent, Latex and UV print systems.

Unique Features:

- ▶ Lite Initial Contact with Air Egress for Superior Repositionability
- ▶ Fast Wraps with One Installer
- ▶ Vibrant and Reliable Print Quality

Applications:

- ▶ Vehicle Graphics (Full, Partial)
- ▶ Vehicle Decals
- ▶ Fleet Graphics

Certified for
HP Latex Inks
