

ARLON

## SERIES 3220

Series 3220 overlaminates are premium cast protective films available in multiple finishes to help customize your graphics. Designed to protect and prolong the life of printed images, Series 3220 can be used on day-to-day signage as well as your specialty applications. Customize your images by choosing from the gloss, matte, satin and luster finishes. Regardless of the finish you select, Series 3220 offers the same performance and durability. Match up with Arlon's print media films to produce vibrant graphics.

### Unique Features:

- ▶ Protective Solution for High Impact Graphics
- ▶ Multiple Finishes
- ▶ Excellent Clarity
